Who Are We? 🏆

Who Are We?

StyleMe Dance Studio - the most prestigious street dance studio in the Greater Boston area 大波士顿区域最具权威和影响力的街舞工作室

Founded in Boston in 2016 by Olivia Jiang, StyleMe Dance Studio was built on a simple belief: every child deserves a space where creativity, confidence, and community can grow together. From the beginning, our mission has been to nurture a genuine connection between instructors and students — guiding young dancers not only in movement, but in self-expression, discipline, and a lifelong love of the arts.

Recognizing the unique needs of children and teens, we launched our dedicated **Kids & Teens Program** to provide a supportive environment tailored to their growth. Our goal is to help each student discover their passion for dance while developing skills that reach far beyond the studio — teamwork, confidence, focus, and resilience. These are the qualities that strengthen them both on stage and in life.

Today, StyleMe has grown into three thriving campuses — **Allston, Newton, and Malden** — each dedicated exclusively to young dancers. We offer large group programs in **Hip Hop, K-Pop, and Jazz Funk**, as well as personalized training through **private, semi-private, and small group classes**.

At the end of every semester, our students take the stage in **studio recitals**, a cherished tradition that celebrates their progress and gives families the joy of seeing their children shine. For dancers ready for the next level, competitions are a natural upgrade — an opportunity to challenge themselves, showcase their artistry, and join a community that celebrates both individual progress and collective achievement. Through our **ShowStopper Competition portfolio**, we provide that pathway.

At StyleMe, dance is more than movement — it's a way for kids and teens to build confidence, creativity, and joy that they'll carry for life.

StyleMe Kids Dance Program

Program Overview

SEMESTER	MONTHS	LOCATIONS	FINALE	RECITAL
SPRING	March – June	Newton, Malden, Allston	MV Filming	Friday after last class
SUMMER	June – Sept	Limited	MV Filming	No Recital
FALL	Sept – Feb	Newton, Malden, Allston	MV + Comps*	Friday after last class

*Fall includes Monsters & ShowStopper for qualified groups. *MV filming will take place at the final class.

SUMMER DAY CAMP (JULY)

- **Location:** Allston Only
- **Hours:** Monday – Friday | 8:45 AM – 4:45 PM
- **Weekly Showcase:** Every Friday afternoon

 Sign up for 2026 summer camp: <https://www.stylemedance.com/kids-dance-summer-camp2025>

StyleMe Kids Performance System 

StyleMe Kids Performance System

StyleMe is a **comprehensive and well-structured dance school** with a clear system designed to support every child's growth—both artistically and personally—through progressive stage opportunities..

🎯 *StyleMe Kids Performance System*

🌟 Level 1: Professional MV Filming & Recitals.

Teachers guide students through choreography preparation, costume selection, and stage performance with **professional lighting, filming, and photography**. In addition, during the **final class of each term**, students will film a **professional music video (MV)** in costume right in the studio — capturing their growth and creativity in a high-quality production. These experiences help children **build confidence, gain early stage exposure**, and celebrate their progress in a supportive environment.

On the next Friday after the last class, we host **two professional recitals each year**, at the end of Spring and Fall semester.

🎯 *StyleMe Kids Performance System*

🏆 **Level 2: Annual Competition – ShowStopper** 2025.2.21-2.23, 2026.2.20-2.22 (<https://www.goshowstopper.com/>)

🔥 **Level 3: Advanced Competitive Team & Street Dance League** 2026.1.30-2.1 (<https://www.monstersdance.com/>)

ShowStopper is one of the **largest and longest-running dance competitions in the United States**, founded in 1978. Known as “*America’s #1 Dance Competition*”, it brings together dancers from across the country to perform and compete in a professional, high-energy environment. The event features a wide range of dance styles — from jazz, hip hop, and lyrical to tap and contemporary — and is judged by industry professionals who provide valuable feedback for growth.

For young dancers, Showstopper is more than a competition: it’s an inspiring opportunity to perform on a national stage, connect with peers from different studios, and experience the excitement of being part of a prestigious dance tradition that has been shaping the art of performance for over 40 years.

Monsters is a renowned street-dance-focused competition and training program. Selected dancers with professional potential will join our **elite competitive team**, receive advanced coaching, and participate in high-level street dance events and battles.

Monsters mission is to bring hip hop and commercial dancers together with the industry's top dance professionals in a fun and challenging environment that fosters self-fulfillment and career development. Today, Monsters of Hip Hop is more than an event—it's a movement. With a legacy that spans decades and has impacted thousands, the Funk family continues to prove that when passion meets purpose, transformation happens. Their mission goes far beyond dance: it's about honoring the past, uplifting the present, and empowering the future.

☀️ *What You'll Gain from the Competition*

Professional Stage Performance Coaching — Train under experienced instructors to refine stage presence, expression, and teamwork.

Real Competition & Stage Experience — Perform in a professional environment and feel the excitement of being on stage.

High-Quality Videos & Photos — Capture your best moments with professionally produced media to celebrate your growth.

Boosted Confidence — Build courage, discipline, and pride through structured training and real performance experiences.

Resume Enrichment — Enhance your future school or arts program applications with recognized performance achievements.

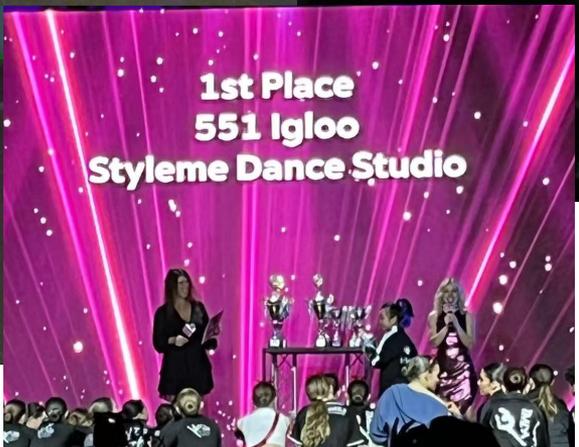

Deeper Understanding of Dance — Learn from every performance, manage stage pressure, gain inspiration from others, and continually strive to become your best self.
